

2022 TECHPOINT

MIRA AWARDS

ENTRY KIT

HONORING THE BEST OF TECH IN INDIANA

The state's largest, best known and most prestigious technology awards program.

AWARD ENTRY DEADLINE

Friday, January 21, 2022

MIRA AWARDS GALA AT THE JW MARRIOTT

Saturday, April 23, 2022

INSIDE THIS ENTRY KIT

This is your all-in-one guide for how to enter the state's top tech honors. From at a glance category overviews and frequently asked questions to the complete category and criteria descriptions, you'll find everything you need to prepare and submit an award-winning entry.

ABOUT THE MIRA AWARDS

The Mira Awards, now in its 23rd year, is a six-month program that culminates with our signature ball gown and black tie gala that has come to be known as the "Oscars for Tech" in Indiana. It's a tremendous platform for celebrating our state's tech successes, as well as coming together as a community, highlighting what's important to us and sharing our vision for the future.

QUESTIONS AND CONTACTS

If you have any questions about entering the Mira Awards, including nominating someone else, applying for yourself or your company, filling out the forms process, please contact Joshua Hall at joshua@techpoint.org or call 317-464-5416.

For information about corporate sponsorship, please contact Lauren Petersen at lauren@techpoint.org or call 317-275-2089.

IMPORTANT DATES & DEADLINES FOR THE 2022 MIRA AWARDS

Tuesday, November 30, 2021	Call for Entries, Nominations & Applications Open to the Public
Thursday, January 6, 2022, 3-4 p.m. EDT	"How to Enter the Mira Awards" Live Webinar
Friday, January 21, 2022	All Application Forms Due
Tuesday, February 15, 2022	2022 Mira Awards Nominee Announcement
Wednesday, March 9, 2022 & Thursday, March 10, 2022	Nominee Presentations/Interviews with Judging Panels (Interviews will be scheduled after February 15th finalist announcement.)

2022 TECHPOINT

MIRAAWARDS

VIDEO, VIDEO, VIDEO: CONSIDER ADDING AN EXPLAINER VIDEO

Did you know you can submit a brief explainer video with your award entry? You can upload the video file itself using the attachments uploader tool in the online application, or you can upload your video to a video platform like YouTube or Vimeo and include a link to the video in your application content.

All applicants are encouraged to provide a five (5) minutes maximum explainer video. Shorter is better. This could be as simple as a smartphone or Zoom recording of your CEO, product manager or other relevant leader explaining what you have accomplished and why it matters—your application elevator pitch, if you will.

While this will not replace the primary essay on the written application entirely, it may make it easier for you to get your point across to the judges. Regardless of whether or not you provide an explainer video, you must still complete the written application form. Our best suggestion is to use the video as your dynamic application introduction to the judges, and then use the first essay question on the form—WHY DOES THIS APPLICANT DESERVE A MIRA AWARD—as the top line highlights of the video spelling out your application's key achievements and significance.

GENERAL ELIGIBILITY REQUIREMENTS

- Anyone may submit an application.
- There is no cost to apply.
- Self-nomination through the application process is common and encouraged. (You don't have to be nominated by someone else, just go ahead and apply.)
- All 2022 awards are given for achievement during calendar year 2021 (except for categories that allow for longer development timelines).
- Individual applicants must work and live in the state of Indiana, except for the Investor of the Year category.
- Company applicants must either be headquartered in Indiana or at a minimum have a comprehensive set of business functions located in Indiana, and Indiana employees must have been central to the business' accomplishments or culture depending on the category. Only work done that includes Indiana-based employees will be considered for awards.
- Association with TechPoint is not required and membership/sponsorship has no impact on an applicant's chances of being named a nominee or winning.
- Should an application appear to better qualify for a different category than originally submitted, Mira Award judges and TechPoint staff reserve the right to enter the application into the more suitable category.

NOMINATION VS. APPLICATION

The public is encouraged to nominate deserving individuals, teams, organizations and companies using the simplified [Nomination Form](#). Those nominated will receive notification and they must complete the official Mira Awards [Application Form](#) in order to be considered for an award.

Only those who complete the Application Form will be considered for awards. Applicants are evaluated by the judges and then the scoring determines which applicants move forward as official Mira Award nominees.

ELIGIBILITY FOR COMPANIES HEADQUARTERED OUT-OF-STATE

To qualify for the Exceptional Employer Award, Large Enterprise of the Year, Scale-up of the Year or Startup of the Year, a company must have a comprehensive set of business functions located in Indiana, and Indiana employees must have been central to the businesses accomplishments.

For example, a company with only sales and marketing offices in Indiana would not qualify, but a company with product development, sales, marketing, and services likely would. Revenue and growth results should focus on the Indiana-relevant business unit results, not just the corporate whole.

To qualify for the Exceptional Employer Award, the application must focus on the cultural elements present in Indiana, with particular focus on those elements initiated in Indiana and executed by Indiana employees.

To qualify for Tech Product of the Year, Service Partner of the Year or Innovation of the Year, the product, service, or innovation must have been primarily developed in Indiana or by Indiana-based employees of the company.

APPLICATION PROCESS AND APPLICANT INTERVIEW DATES

Mira Award applications are reviewed and ranked by independent panels of company founders, CEO/presidents, CIOs, VPs and a variety of other subject matter experts. The rankings determine which applicants will be included in the 2022 class of Mira Award nominees.

Next, Mira Award nominees are required to deliver brief presentations and participate in virtual interviews (20 minutes total) with the judging panel from their specific category on March 9th or March 10th**, and should be prepared to answer questions and discuss their application in further detail.

** We recommend making note of both of these interview dates in your calendar immediately to avoid conflicts that may prevent you from being available to present.

**** MARK YOUR CALENDAR: REQUIRED NOMINEE INTERVIEWS TAKE PLACE WEDNESDAY, MARCH 9TH OR THURSDAY, MARCH 10TH. PLEASE RESERVE BOTH DATES, AS APPOINTMENTS WILL BE MADE FOLLOWING THE FEBRUARY 15, 2022 NOMINEE ANNOUNCEMENT.**

Because the volunteer judges are busy professionals themselves, it is impossible to reschedule missed interview appointments.

Mira Award nominees will be announced on Tuesday, February 15, 2022. Mira Award winners will be announced during the Mira Awards Gala on April 23, 2022.

PRO TIP: The best way to think about your application is as a whole—not just individual questions—and that you are writing a compelling story for the judges to read. It should not be long. It should not be difficult for a subject matter expert in your field to understand. And the innovative, unique or most interesting thing about your achievement should be right in the beginning of the question “Why does this applicant deserve to win a Mira Award?”

CONFIDENTIALITY

TechPoint and the TechPoint Mira Awards judges agree to maintain the highest standards of confidentiality with respect to information that is not in the public domain regarding organizations, individuals, or technologies nominated for the TechPoint Mira Awards.

QUESTIONS

If you have any questions about the nomination form or process, please contact Joshua Hall at joshua@techpoint.org or call 317-464-5416.

2022 MIRA AWARDS CATEGORIES

The first important step to entering is deciding which category or categories are the right ones for you. You may enter all categories for which you are eligible

- Talent Impact Award — NEW
- Community Impact Award
- Tech Education Award
- Bridge Builder Award (*Chosen by TechPoint Foundation for Youth*)
- Rising Tech City Award (*Including Communities, Towns, Cities, Counties or Regions*)

- Tech Product of the Year
- Service Partner of the Year
- Innovation of the Year
- Trailblazer Award (*Chosen by the TechPoint Board*)
- Exceptional Employer

- Rising Entrepreneur (*Startup Founders of Any Age or Experience*)
- Investor of the Year (*Individuals or Firms Invested in Indiana Tech Companies*)
- Startup of the Year (*Launched after January 1, 2020*)
- Scale-up of the Year
- Large Enterprise of the Year

TALENT IMPACT AWARD

The Talent Impact Award is our community's recognition of leadership and excellence in workforce development—the vital pipelines into Indiana tech careers. These initiatives and programs are influencing our state's talent recruiting, attracting, hiring, training and retaining efforts, which are collectively the lifeblood of our information-based, talent critical economy.

COMMUNITY IMPACT AWARD

The Community Impact Award celebrates mission-driven people or organizations that have helped to push our tech community forward—the impact makers of the year. Whether it's through a corporation, an agency, a social enterprise, or through grit and determination as an individual, these inspiring champions have made a difference for all of us, especially relating to diversity, equity and inclusion.

TECH EDUCATION AWARD

The Tech Education Award recognizes educators, organizations and programs that inspire and open doors for learners of all ages in ways that supply the future workforce and create economic opportunity for Hoosiers. These leaders respond to the needs of students, with special attention to opportunities for underrepresented groups, and have an undeniably positive impact on student achievement and the future workforce.

TECHPOINT FOUNDATION FOR YOUTH BRIDGE BUILDER AWARD

The Bridge Builder Award recognizes visionary individuals, programs or organizations that are helping underserved student populations in Indiana gain access to experiential learning opportunities that inspire the pursuit of science, technology, engineering and math (STEM) careers. The recipient receives a \$1,000 grant award to be given to the 501c3 charity of their choice.

RISING TECH CITY AWARD

The Rising Tech City Award honors a city, town, region or community within the state of Indiana, celebrating the projects and the people behind them who have championed the location's advancement. The emphasis is on developing compelling amenities and inclusive cultures where tech workers want to live and where tech businesses can start and thrive.

TECH PRODUCT OF THE YEAR

Tech Product of the Year recognizes ground-breaking and disruptive new tech products. These commercially available, technology-enabled products (hardware, software, or data) have demonstrated that they have lasting ability and the potential for significant adoption and impact.

SERVICE PARTNER OF THE YEAR

The Service Partner of the Year award celebrates exceptional work by professional services firms or internal teams who created the year's best solutions, which are defined as the development of tech products or other professional services for a tech company. Services may be related to IT/cyber, design/branding, marketing/PR, legal/accounting, consulting, data science or other.

INNOVATION OF THE YEAR

The Innovation of the Year award honors scientific achievements, R&D efforts and other trailblazing discoveries that highlight the innovation coming from Indiana and that have the potential to materially change lives, a market, or an industry. Innovation could come from universities and businesses, or individual scientists, researchers, and entrepreneurs.

TECHPOINT TRAILBLAZER AWARD

The Trailblazer Award recognizes visionaries whose contributions have had or will have lasting and significant impact on the state and its technology ecosystem. Trailblazers are among the tech community's most inspiring and influential players. They are innovative risk-takers whose achievements and bold leadership are catalysts for growth and success.

EXCEPTIONAL EMPLOYER AWARD

The Exceptional Employer Award celebrates tech companies that are doing an exceptional job developing talent; cultivating workspaces and workplace culture; and making a positive impact in the community. We especially encourage applications from employers who are

advancing diversity, equity and inclusion and/or creating employment and development pathways to underrepresented individuals.

RISING ENTREPRENEUR AWARD

The Rising Entrepreneur Award recognizes exceptional startup founders of any age and experience who have looked outside the box, started something new, and generated momentum. This award celebrates individuals' courage, talent, industriousness and potential for business success as well as community impact and leadership.

INVESTOR OF THE YEAR

The Investor of the Year award spotlights angel investors or investment firms who bring capital plus outstanding connections, advice and attention to Indiana tech companies. This award category recognizes all types of investors who bet on Indiana tech companies and serve as critical mentors and connectors.

STARTUP OF THE YEAR

The Startup of the Year award recognizes new companies (two years old or younger) with in-market tech products or services that have shown the greatest development based on growth and impact and have the most promising potential for success. These trailblazing ventures demonstrate the creative, strategic and innovative entrepreneurial spirit of Indiana's technology community.

SCALE-UP OF THE YEAR

The Scale-up of the Year award celebrates high-growth, innovation-driven businesses that provide technology products or services (or highly tech-enabled businesses). They may be bootstrapped or venture-funded, but all of these emerging companies have built up traction beyond the startup stage. Even if they endured setbacks or revenue dips in 2020 due to the pandemic, they could be Indiana's next big tech success stories.

LARGE ENTERPRISE OF THE YEAR

The Large Enterprise of the Year award recognizes tech companies (including tech enabled) that are succeeding in the marketplace; investing in innovation; committing to diversity, equity, and inclusion; boosting Indiana's reputation nationally/internationally; and leveraging their resources and scale to make a positive impact in our community. We especially encourage applications from employers who are advancing diversity, equity and inclusion and/or creating employment and development pathways to underrepresented individuals.

2022 FULL CATEGORY DESCRIPTIONS & CRITERIA

Talent Impact Award

This category recognizes tech and tech-enabled companies and organizations who are engaged in improving the talent pipeline—their own and/or the community's—into jobs in tech in Indiana from January 2020 through December 2021 (two years timeframe). These initiatives and programs are influencing our state's talent recruiting, attracting, hiring, training and retaining efforts, which are collectively the lifeblood of our information-based, talent critical economy.

From modern apprenticeships and creative internships, to groundbreaking DE&I recruiting models and immersive virtual hiring experiences, the excellence and innovation demonstrated by the elite nominees selected for this new Talent Impact Award category are something to both celebrate and emulate across the state of Indiana.

To be eligible, companies must be headquartered in Indiana or at a minimum have a significant Indiana-based operation or division/business unit with employees who work and live within the state of Indiana. The application should address the specific effort or efforts executed with an emphasis on results and outcomes, especially those that could be duplicated to further expand the Indiana tech workforce.

The following criteria will be considered in determining the nominees and winner:

1. Describe the applicant's talent-related project or projects during calendar years 2020 through 2021 (two years timeframe).
2. What is new or innovative about this workforce development effort?
3. In what ways could this effort advance your, and potentially Indiana's, tech-talent pipeline?
4. What results/outcomes and other data relating to this effort support its efficacy and positive talent pipeline impact?
5. In what ways has the applicant advanced diversity, equity and inclusion and/or created opportunities for underrepresented individuals?

Community Impact Award

(Individuals, Teams or Organizations)

This award category celebrates and thanks people who have championed the advancement of Indiana's tech community.

To be eligible, a major effort or project should have been executed during the 2021 calendar year. Special attention will be paid to those applicants who demonstrate genuine drive to improve the tech community and the careers and/or lives of people living and working in Indiana.

For example:

- A legislator who champions pro-technology Indiana public policy
- An educator who helps children discover STEM and steers them toward more opportunities
- An early-adopter corporation with a commitment to buy its technology within Indiana
- A public figure who helps to draw attention to the tech community's vitality

The following criteria will be considered in determining the nominees and winner:

6. List community projects executed by the applicant during calendar year 2021.
7. In what ways did these efforts advance Indiana's tech community?
8. What has the applicant developed that is new or innovative?
9. Describe the applicant's contributions to inspiring others and driving the tech industry forward in Indiana.
10. In what ways has the applicant advanced diversity, equity and inclusion and/or created opportunities for underrepresented individuals?

Tech Education Award

(Individuals, Teams or Organizations)

This award recognizes educators and education innovators who inspire students to learn and whose creative, innovative application of technology in the classroom or other learning environments has had a positive impact on student achievement.

No school association is required. Many applicants are associated with an educational institution including K-12 and post-secondary schools, however, educators of all kinds teaching in diverse and non-traditional environments are encouraged to apply.

The following criteria will be considered in determining the nominees and winner:

1. What has the applicant developed that is new or innovative?
2. How does this development advance tech education and/or the education of students beyond the mere use of technology?
3. In what way or ways does the applicant inspire students to learn?
4. Describe the applicant's impact on student achievement.
5. In what ways has the applicant advanced diversity, equity and inclusion and/or created opportunities for underrepresented individuals?

Bridge Builder Award

The TechPoint Foundation for Youth Bridge Builder Award is selected by the TechPoint Foundation for Youth Board of Directors. There is no application process, however, the public may submit suggestions for the Bridge Builder Award using the [Nomination Form](#) or by sending recommendations to Joshua Hall at joshua@techpoint.org.

Rising Tech City Award

This award category recognizes a city, town, region or community within the state of Indiana and celebrates the projects and the people behind them who have championed the location's advancement with particular emphasis on tech friendliness.

To be eligible, a major effort or project should have been executed during the 2021 calendar year or celebrated a major milestone such as a public launch or project completion. Special attention will be paid to those applicants who demonstrate genuine drive to improve the tech community and the careers and/or lives of people living and working in Indiana.

For example:

- Talent attraction or development programs
- Place-making to attract and retain talent, attract and retain companies, etc.
- Regional partnerships or organization launch or milestone; sector or sub-sector focus and investment in developing companies, products, corporate partnerships or other organizations, capacity-building.
- Cooperative regional efforts to equip employers for Industry 4.0 and digital transformation.
- Attracting notable tech or tech-enabled companies
- Infrastructure development like innovation parks, incubators/accelerators,
- Venture capital investment vehicle
- Smart City implementations
- Startup accelerator, incubator or R&D facility
- Policy or government initiatives

The following criteria will be considered in determining the nominees and winner:

1. List community projects executed by the applicant during calendar year 2021.
2. In what ways did these efforts advance the location's tech friendliness?
3. What has the applicant developed that is new or innovative?
4. Describe any specific efforts to attract tech talent or recruit tech companies to the location.

- 
5. In what ways has this community advanced diversity, equity and inclusion and/or created opportunities for underrepresented individuals?

Tech Product of the Year

This award category recognizes innovative new commercially available, technology-based products (hardware or software).

To be eligible, products must currently be in-market and must have been available for sale for the first time (no upgrades or Mark II products unless entirely new) prior to December 31, 2021.

The product does not have to be launched for the first time in 2021, but it should have had a major milestone, such as adoption by a major corporation or retail store, making it a bestseller with a giant leap in users. The point being that the product had its best year ever!

The following criteria will be considered in determining the nominees and winner:

1. What specific problem does this product solve and how does it solve it?
2. Does the product demonstrate tech innovation, market disruption or both, and how so?
3. Describe how this product was developed, such as your specific innovation approach, including a development timeline.
4. Has the product proven its market viability through mass usage, strong pilots, paying customers or other metrics? Explain.
5. In what ways does this product have lasting ability and the potential to become a technology staple?

Service Partner of the Year

The Service Partner of the Year award is designed to recognize:

1. Firms providing excellent service important to tech company success; AND
2. Services teams operating inside a tech company.

The spirit of this award is to celebrate people, teams, or organizations delivering remarkable, impactful service to clients—whether they be external or internal—to tech companies or tech teams in tech-enabled companies.

These services could include (but are not limited to) IT/cyber, design/branding, marketing/PR, legal/accounting, consulting, data science or other.

Delivery of the service may be aided by use of a software product, but this award is not intended for products subscribed via a Software as a Service (SaaS) model.

To be eligible, the service provider should have executed, at least in part, or experienced a significant milestone such as a launch or implementation with the described client project or projects during calendar-year 2021. It is expected that development and work product will have taken place prior to 2021.

The Service Partner of the Year award is evaluated and determined by the descriptions and results/data stemming from solution work done to support the Service Partner's client (internal or external), not the company's entire history or body of work. The service must have been primarily developed in Indiana. New versions or applications of previously marketed solutions will not be considered.

The following criteria will be considered in determining the nominees and winner:

1. What specific service was provided and what problem did it solve?
2. In what ways is the service new, innovative or disruptive?
3. Describe how this service was developed including a development timeline.
4. How did you measure success and how did the service impact the client/department?
5. Provide other client/department outcomes that demonstrate the real-world success and great value of the service.

Innovation of the Year

This award category recognizes scientific achievements, the results of R&D efforts and other trailblazing, market disrupting new technologies, which may include completed products.

To be eligible, the innovation must have achieved a significant development milestone in 2021. The innovation of the year is a singular innovation, not a company or body of work. The technology-based innovation must have been primarily developed in Indiana. New versions of previously marketed technologies will not be considered.

Nominees are expected to demonstrate how this innovation positions the company or licensees for sustainable future growth and business success, even though actual sales are not a requirement. However, commercial viability will be closely examined.

The following criteria will be considered in determining the nominees and winner:

1. What specifically about the work is innovative?
2. Describe the R&D/development process that created this innovation.
3. Provide a development timeline for the innovation.

4. In what ways is this innovation a trailblazing, market disrupting or otherwise significant scientific achievement?
5. How might the innovation be applied to future products/services and what potential impact is expected?

Trailblazer Award

The TechPoint Trailblazer Award is selected by the TechPoint Board of Directors. There is no application process, however, the public may submit suggestions for the Trailblazer Award using the [Nomination Form](#) or by sending recommendations to Joshua Hall at joshua@techpoint.org.

Exceptional Employer Award

This category recognizes tech companies that are doing an exceptional job of hiring and developing talent, cultivating workspaces and workplace culture, and deliberately increasing diversity. Special attention is paid to employers that recognize their role in the workforce development pipeline and place value on recruiting, training and ongoing professional development.

To be eligible, companies must be headquartered in Indiana or at a minimum have a significant Indiana-based operation or division/business unit with employees who work and live within the state of Indiana. The application should address the company's culture in relation to the Triple Bottom Line (the 3Ps of Sustainability) People, Planet, and Profit.

The following criteria will be considered in determining the nominees and winner:

1. Describe company plans for new hires/employee growth over the next three years.
2. Describe company plans for revenue growth over the next three years.
3. How has the company developed and leveraged its Indiana-based talent?
4. How does the company's culture enhance performance and help it to sustain a competitive advantage?
5. In what ways has the company advanced diversity, equity and inclusion and/or created opportunities for underrepresented individuals?

Rising Entrepreneur Award

This award recognizes a leader with great potential—regardless of age—who is both an entrepreneur and a contributor to the tech community. The emphasis for this award is on the impact made and demonstrated outstanding, continuous achievement.

To be eligible, applicants must have created a business prior to December 31, 2021. There is no minimum or maximum age limit. Students and teen entrepreneurs who run their own businesses are eligible, as are later in life entrepreneurs who started their businesses after starting their families or following long careers.

For example:

- Applicants who have achieved more than would be expected from someone at her or his level of training and experience.
- Tangible achievements such as jobs created, dollars raised, customers/audience reached and lives impacted are key considerations.
- Applicants who have also demonstrated a desire to be a part of advancing Indiana's tech community.

The following criteria will be considered in determining the nominees and winner:

1. What business (or businesses) has the applicant started?
2. Has the applicant raised capital? If yes, list amount and source.
3. List the applicant's primary entrepreneurial accomplishments.
4. List awards/honors received.
5. List civic activity, memberships and associations, and any other community involvement, including diversity, equity and inclusion efforts.

Investor of the Year

(Individuals, Teams or Organizations)

This award category recognizes all types of investors who bet on Indiana tech companies and serve as critical mentors and connectors beyond the financial instrument.

To be eligible, the investor must have made an investment in at least one Indiana headquartered technology company during calendar-year 2021.

Individuals from venture capital firms, peer-lending organizations, investor groups, angel investors and personal investors located within and outside of the state of Indiana are encouraged to apply.

The following criteria will be considered in determining the nominees and winner:

1. What investments did the applicant make in Indiana companies during calendar year 2021?
2. In what ways does the applicant invest in its Indiana portfolio or the community beyond the financial instrument?
3. Does the applicant have a special interest or passion for investing in Indiana companies? If yes, what inspires them?

4. What is the grand total the applicant has invested in Indiana companies over time?
5. In what ways has the applicant advanced diversity, equity and inclusion and/or created opportunities for underrepresented individuals?

Startup of the Year

(Launched After January 1, 2020)

The Startup of the Year category recognizes startups with great potential that demonstrate the creative, strategic and innovative entrepreneurial spirit of Indiana's technology industry.

To be eligible, startups must have executed public launch activities after January 1, 2020. The incorporation date of the company can be earlier, but the primary launch of the company and its products or services must be in 2020 or 2021, and there must be an in-market tech product or service that can be purchased.

Nominees will be judged on a variety of factors including the quality of their business idea and plan, the strength of the founding team and their ability to fund initial operations.

The following criteria will be considered in determining the nominees and winner:

1. Describe company plans for new hires/employee growth over the next three years.
2. Describe company plans for revenue growth over the next three years.
3. What are the startup's go-to-market strategies and how is success being measured?
4. List the complete leadership team and their roles in driving success for this startup, including any key advisors.
5. How has this startup achieved or demonstrated a likelihood to achieve measurable growth and potential for high-growth in the future?

Scale-up Company of the Year

This award category recognizes high-growth, innovation-driven companies that provide technology products or services (or are a highly tech-enabled business), are gaining traction and could be Indiana's next big success stories.

To be eligible, companies must be headquartered in Indiana or at a minimum have a significant Indiana-based operation or division/business unit with employees who work and live within the state of Indiana.

Minimum Qualifications:

- At least (1) one year old
- Annual revenue of at least \$100,000, up to millions
- At least 20% annual revenue growth
- Desire to grow and hire significantly in Indiana
- Fewer than 500 employees

Key considerations are financial growth, business growth, sustainability, impact on the market/industry, and technical business and product/service excellence.

The following criteria will be considered in determining the nominees and winner:

1. Describe company plans for new hires/employee growth over the next three years.
2. Describe company plans for revenue growth over the next three years.
3. List the complete leadership team and their roles in driving success for this scale-up, including any key advisors.
4. In what ways is this scale-up thinking big? How will the company reach a \$1 billion valuation (or high-water mark for this particular company/industry)?
5. Explain how this company's performance over the past three years have set up future high growth for the scale-up.

Large Enterprise of the Year

In this age of digital convergence and transformation we are bringing together two categories that previously separated tech companies and tech enabled companies and we are putting them into one. We welcome applications from both tech and tech-enabled companies for the Large Enterprise of the Year award.

This award category recognizes exceptional innovation and market position that is helping Indiana to become a recognized technology leader. Leadership teams are taken into account along with the company's influence on markets, industries and economies.

To be eligible, companies must be headquartered in Indiana or at a minimum have a significant Indiana-based operation or division/business unit with employees who work and live within the state of Indiana.

Key considerations are financial performance (including capital raised), strategic business development, sustainability, impact on the market/industry, technical business and product/service excellence, and accomplishments as an exceptional corporate citizen. Companies applying in this category should be recognized leaders with a reputation for being innovative.

The following criteria will be considered in determining the nominees and winner:

1. Describe company plans for new hires/employee growth over the next three years.
2. Describe company plans for revenue growth over the next three years.
3. How has the company developed and leveraged its Indiana-based talent?
4. Describe the company's culture in relation to the Triple Bottom Line (the 3Ps of Sustainability) People, Planet, and Profit.
5. In what ways has the company advanced diversity, equity and inclusion and/or created opportunities for underrepresented individuals?

QUESTIONS AND CONTACT INFORMATION

If you have any questions about the nomination guidelines, nomination form or process, please contact Joshua Hall at joshua@techpoint.org or call 317-464-5416.

For information about corporate sponsorship, please contact Lauren Petersen at lauren@techpoint.org or call 317-275-2089.
